Rehman Scholarships

The Rehman Scholarships, in memory of our parents, were established in 1985 at schools of Chak No 297 JB, Gojra. The year 2023 represents the 39th year of these scholarships. The management of Rehman Scholarships was transferred to HDF in 2013.

These scholarships were initiated to honor our parents and to pay thanks to the community who acted like family members after our father's sudden death. The first four scholarships have provided awards to the top students of the four schools in this village. The fifth THANKS scholarship initiated in 2019 recognizes the best teacher in each of school.

This, the sixth Rehman Scholarship, is **need-based**. The scholarship money will be equally divided between the four schools. A school council/teachers committee at each school will care for their deserving students' needs (uniforms, books, fees, etc.).
