

**HDF Scholarship # 35**

**Sponsored By:**

**Dr. M. Amjad Zaheer**

## **Introduction**

Education is a child's basic need & right and nothing should limit him/her from receiving it. However, at times there are factors that lead to kids dropping out, financial limitations being the most critical of them. HDF believes that financial constraints should not be a reason for any child, particularly a talented one to drop out of school or discontinue his/her education.

HDF Scholarship is a need-based scholarship offered to deserving and promising students in Pakistan, to enable them to pursue their educational goals for their positive contribution towards the socio-economic development of society. Through the Scholarship program, HDF also seeks to promote a healthy and competitive learning environment among the students.

HDF Scholarship is an endowment-based scholarship. The scholarship has been conceived in a way that it provides an opportunity for better-off individuals/families to satisfy their noble intent of giving back to their homeland/parent institution.
